Asunto: Solicitud de Servicio de Catering para realizar diferentes actividades para el Proyecto PEDM / PMOT - SDN 2030.

Apreciada Sra. Alcaldesa:

En el marco de la formulación del proyecto **Plan Estratégico de Desarrollo Municipal y Plan Municipal de Ordenamiento Territorial PEDM-PMOT SDN 2030**, me dirijo a usted con la finalidad de solicitar la adquisición de un **Servicio de Catering** para el proyecto, a ser servido durante las actividades de participación y socialización del plan a ser realizadas a partir de la fecha de contratación.

Visto el retraso en la ejecución del gasto que experimenta el proyecto a la fecha, luego de conversar con el área financiera sobre el particular y de hacer un ejercicio de Re-programación de actividades a solicitud de AECID / MEPYD, consideramos que contar con un Servicio de Catering para el proyecto completo, no subdividido por actividades nos permitirá agilizar procesos y reducir la burocracia administrativa, además de evitar que estos gastos o parte de ellos, deban ser sufragados con recursos de la alcaldía, y sobretodo poder exhibir más eficiencia en el gasto del proyecto.

Nos referimos a gastos menores en alimentos y bebidas para actividades de planificaciones participativas, insumos que están contemplados en el proyecto aprobado, con un monto total asignado de **2,000 Euros, en a la actividad A.4.1.1 del componente C24.1 correspondientes a los gastos indirectos, R4. (Ver en anexo listado de actividades programadas)**

En este sentido, le solicitamos amablemente que considere nuestra solicitud para la adquisición de un Servicio de Catering tipo iguala hasta agotar los fondos, modalidad de pago que ha sido previamente conocida por la MEPYD y la AECID. Estos recursos son parte del 8% de los gastos indirectos del proyecto y por tanto la modalidad del gasto tiene margen de flexibilidad.

Resultado	Componente	Actividad	Nombre	Monto presupuestado
R4	C24.1	A.4.1.1	Alimentos y Bebidas para Actividades socialización propias del Plan	\$2,000.00 Euros

Plan for the year 2000-2001. The plan is to increase the production of goods and services and to improve the living standards of the people.

The main objective of the plan is to achieve a growth rate of 8% per annum. This will be done by increasing the investment in infrastructure and human resources.

The plan also aims to reduce the unemployment rate and to improve the quality of education and health services. This will be done by increasing the expenditure on these sectors.

The plan is based on the assumption that the economy will continue to grow at a steady rate. It also assumes that the government will continue to maintain a low level of inflation.

The plan is subject to the availability of resources and to the stability of the political and economic environment. It is also subject to the approval of the Parliament.

The plan is a framework for the government's actions over the next five years. It is not a guarantee of success, but it provides a clear direction for the country's development.

The plan is a reflection of the government's commitment to the people and to the future of the country. It is a plan for progress and for a better life for all.

The plan is a challenge to the government and to the people. It is a challenge to work together to achieve the goals of the plan.

The plan is a vision of a brighter future for the country. It is a vision of a country that is strong, stable, and prosperous.
